

Legacy Society

Create a legacy that reflects your Values.

A planned legacy gift can benefit future generations – **all in your name.**

- Strengthen and secure the future work of LGBT organizations
- Support causes that are important to you such as seniors, youth, the arts or equal rights
- Pool your estate giving with others to maximize returns and increase impact
- Remain confident that your legacy gifts will be used according to your intentions

Promoting responsible philanthropy to make South Florida the most liveable community in the country for LGBT people.

Our Fund encourages individuals and families to be as purposeful with their giving after they are gone as they are while living. By working with Our Fund's team, who offer specialized services and guidance, you can create a charitable fund from your estate to make a lasting impact on future generations.

Legacy Planning allows you to:

- Leave a Legacy in your name that will show your commitment and support our community.
- Direct gifts to specific non-profit organizations or to a particular area of interest, such as LGBT arts or LGBT seniors or youth.
- Direct gifts to Our Fund Foundation's Endowment Fund to be granted for the good of South Florida's LGBT community.
- Avoid potential taxes on your estate.

While the word "legacy" can give the impression of exclusivity and considerable wealth, it is important to remember that most people can make a lasting impact when they pass through bequeathing profits from the sale of property, gifts of life insurance and gifts from IRAs and 401Ks.

Without proper estate planning, you risk depriving agencies and causes that are important to you the support generated from your estate and increase the likelihood of leveling a tax burden on loved ones or leaving parts of your estate to the government or unintended individuals.

To begin the process of establishing or updating an estate plan, please contact Our Fund at 954-565-1090 or email info@Our-Fund.org.
